ECSO – a Silo Buster for Cyber Security SMEs

Report on the ECSO Business Matchmaking events across Europe 2017-2019

#InvestCyber

May 2019
ECSO Business Matchmaking events across Europe

Enhancing the Visibility of the European Cyber Security SMEs

The European Cyber Security Organisation (ECSO) is the official counterpart to the European Commission in implementing the contractual Public-Private Partnership (cPPP) on cyber security, which was signed in June 2016.

ECSO Business Matchmaking events aim to increase the visibility of the European cyber security market players and to foster the European cyber security market consolidation.

These events provide a unique forum for the European cyber security startups to meet the European investors. In order to reach out to different European cyber security ecosystems, each edition of the event is organised in a different European city, together with the local partners.

ECSO Working Group 2, focusing on cyber security investment and market deployment, and ECSO Working Group 4, focusing on support to SMEs and regional cooperation, coordinate the strategy and implementation of these events.

ECSO Business Matchmaking events are designed to support companies positioned on the entire cyber security value chain and to cover the different investment phases, ranging from seeding to strategic investments, to mergers and acquisitions (M&A).

ECSO Business Matchmaking events represent ECSO’s ambition to launch a European cyber security industry roadshow, which would significantly help to promote the European cyber security technology and expertise.

“A unique forum for the European startups and scaleups specialised in cyber security”
Format of Events

COVERING DIVERSE INVESTMENT PHASES: from seeding to strategic investment and M&A.

COVERING THE ENTIRE VALUE CHAIN OF CYBER SECURITY: fraud, identity & access management, application web security, network security, end-point security, cyber security services, governance risk & compliance, mobile security, data protection, mobile security, ICS & IoT security, cloud security.
SNAPSHOT: Cyber Investor Days in Berlin // 27-28 November 2018

PARTNER EVENT: the German cyber security and cyber defence company SECUNET SECURITY NETWORKS AG and TELETRUST – IT SECURITY ASSOCIATION GERMANY.

The event gathered 90 participants from 12 different European countries, including Belgium, Cyprus, Czech Republic, Denmark, Estonia, France, Germany, Italy, Poland, Portugal, Spain, the Netherlands, United Kingdom

Key figures:
- 2 pitching sessions for startups,
- 23 selected startups (over 40 applications) covering the entire cyber security value chain,
- 31 investors engaged in the strategic business matchmakings,
- over 60 business-to-business meetings organized,
- 2 honorary keynotes speakers – Andreas Koenen, Director General CI, Cyber and Information Security at German Federal Ministry of Interior, Building and Community, Francisco Alves da Silva, Quasi-equity investment officer, European Investment Bank.

Strategic communication partners
 Regional, national and international

ECSO unites 250 members, including large companies, SMEs and startups, research centres, universities, end-users, operators, clusters and associations, as well as the local, regional and national administrations. Reaching out to more than 2000 entities across the European Union, ECSO has developed a solid network of communication partners. Through their communication channels and established networks, our partners enable a successful dissemination of information to the local players.

Same of the strategic communication partners, to mention but a few:
Social Media Visibility

Reporting period: 1 June 2018 – 31 December 2018

*Social media statistics will be updated after the Madrid edition

<table>

- **25 posts** on ECSO business matchmaking events appeared on LinkedIn.
- In total, it earned **24 642 organic impressions**, indicating the number of times users saw the message/tweet on LinkedIn without paid promotion, and **1 155 engagements**, indicating the number of times users interacted with a post (liked, shared, clicked on its hashtags and links).
24 European startups selected to meet investors @ Cyber Investor Days in Berlin. Asking what is the added value of their cybersecurity solutions? Answer: #Innovation, #Diversity, #Maturity. Going to be a blast! #InvestCyber Cc @sweetpatic @XignSys @P3KI @quoscient @sissden

Congrats 🚀@ecso.eu for the successful ‘Cyber Investor Days’ that you organised in #Berlin bit.ly/2SksNif

Your initiative to bring together investors with cybersecurity startups & #SMEs is great. Access to market & finance is essential for great ideas to thrive!

Only slightly more than one month is left to go until the #InvestCyber Strategic Business Matchmakings event in Milan 🇮🇹 A lot of influential European INTEGRATORS have already registered their participation & we still continue receiving! GONNA BE A BLAST! ⚡️

Many thanks to the European Cyber Security Organisation @ecso.eu for making the Investor Day on 28 November in Berlin such a smooth event. #investCyber

Are you one of the ambitious European #CyberSecurity #startups or #SMEs, or maybe one of the influential #investors, interested in the most innovative #tech solutions? If yes, our CYBER INVESTOR DAYS in Berlin (Germany), organised together with secunet Security Networks AG & TeleTrusT – IT Security Association Germany, might be of interest to you.

During the event, the most promising European cyber security startups and SMEs have an opportunity to pitch their solutions and meet the influential German and international investors during strategic business matchmaking sessions.

#Deadline is approaching fast. More information about applying: https://bitd.in/dWv1xvY
