Youth4Cyber aims at educating and raising the awareness of young people (6 to 26-year olds) on cybersecurity.
In this living document

ECSO continues to gather and update a list of openly available resources/initiatives from ECSO Members.

Our goal is to show what is currently being done on youth education around Europe.
Here you will find resources divided by:

- Type of resource / initiative
- Language(s)
- Age group(s)
- URL
Countries covered

- France
- Greece
- Ireland
- Italy
- Poland
- Spain
- United Kingdom
