- Privileged Partner of the European Institutions in developing the European cybersecurity ecosystem

6 Working Groups covering end-to-end cybersecurity topics

1 Policy Task Force

300+ Members

4,900+ Followers on Twitter

24,000+ Followers on LinkedIn

GET INVOLVED

AN EXCLUSIVE OPPORTUNITY TO:

- Position your products and services **directly to C-level stakeholders** from all European countries in a unique and attractive environment.
- Take part in **discussions** with the only cross-sector European Community of CISOs that gathers **350 CISOs from 28 European countries**.
- Elevate your **brand visibility** by joining an exclusive event where only limited sponsoring cybersecurity providers will be allowed to join the event.
- Take active part in developing the **European Cybersecurity Market** by engaging with users/operators from Europe.

- NATO
- FORTH
- DarkTrace
- Manuchar
- Inizio
- Greenyard NV
- INA
- NCCN
- EDF

FEEDBACK FROM ECSO'S 2022 MEETUP

Last year's attendees expressed

92% Satisfaction with the event

90.6% Satisfaction with networking possibilities

"Real people with similar problems having discussions on challenges we all face. Similar events usually have too much vendor and product presentations."

- 2022 Attendee

"Interaction with Attendees and ECSO staff was excellent. All sessions were very engaging. I think the attendee number is just right as it lends itself to having multiple interactions and meetups."

- 2022 Attendee
