ECISO AND CYBERSECURITY

- Europe's unique public-private partnership bringing together key EU stakeholders
- Privileged Partner of the European Institutions in developing the European cybersecurity ecosystem

6 Working Groups covering end-to-end cybersecurity topics

1 Policy Task Force

300+ Members

5000+ Followers on Twitter

32 000+ Followers on LinkedIn

GET INVOLVED

AN EXCLUSIVE OPPORTUNITY TO:

- Position your products and services **directly to C-level stakeholders** from all European countries in a unique and attractive environment.
- Take part in **discussions** with the only cross-sector European Community of CISOs that gathers **470+ CISOs from 29 European countries**.
- Elevate your **brand visibility** by joining an exclusive event where only limited sponsoring cybersecurity providers will be allowed to join the event.
- Take active part in developing the **European Cybersecurity Market** by engaging with users/operators from Europe.

Sponsorship packages available: 25

FEEDBACK FROM ECSO'S 2023 MEETUP

Last year's sponsors expressed

"EGERIE was delighted to sponsor this flagship event by ECSO which convenes CISO operating across Europe and a wide range of industries. We particularly enjoyed the qualitative content of the conference and the valuable connections that stemmed from it. More than ever, we believe it is crucial to share experiences and best practices to develop a real cybersecurity strategy and build an effective chain of protection." - Marie Audren, Director of Public Affairs at EGERIE

"The second ECSO CISO Meetup confirmed the great value of the first iteration, great lineup of CISOs, fantastic organisation, excellent topics on the agenda. But it also improved on a number of fronts : more opportunities for exchanges between sponsoring partners and CISOs, nearly double participants, and presence of institutions like Italian ACN. This event is already unmissable, we count on sponsoring again in 2024." - Luigi Lenguito, Founder & CEO of BeforeAI

"Red Sift was delighted with the engagement and relationships that we were able to have as a result of our Platinum Sponsorship of the Annual ECSO CISO Summit 2023 in Florence. It is an excellent opportunity to network with leading CISO's from around Europe and a priority for us as part of the European Cyber Community with a great balance of formal and informal networking time." - David Bennet, Chief Revenue Officer at Red Sift.

"I extend my sincere appreciation for our participation in the annual ECSO CISO Meetup 2023 in Florence. I was positively impressed by the event with the in-depth sessions we attended, the engaging discussions we had, and the chance to network with industry leaders and CISOs. We had the opportunity to appreciate the high-level content presented and to meet top-level professionals from the world of cybersecurity. In this context we have found the conditions for the professional growth of the entire cybersecurity community. I think that this exchange and discussion on cybersecurity issues is the most effective strategy to respond to the current scenario where cyber risks and threats are rapidly evolving and expanding." - Marco di Luzio, Chief Marketing Officer at Tinexta Cyber.

"It was truly a pleasure to sponsor the ECSO's Annual CISO Meetup. The organising team exhibited exceptional communication and support throughout the entire process. Their dedication and efficiency made our sponsorship experience seamless. The event itself was expertly orchestrated, offering a fantastic platform for networking and meaningful connections. We are grateful to have been a part of such a well-executed and impactful occasion."

- Naomi Ronen, Head of Marketing at Kovrr
